Dear Book and Claim Stakeholder,

Thank you for joining our Community newsletter as well as for your encouragement and support around this work.

It's our pleasure to officially launch this Book and Claim Community. During the rest of 2023, we will be focusing on **four work areas** that emerged from a wide spectrum of insetting- and book and claim-related workshops over the last 12-24 months:

- Reporting & Targets
- Certification
- Registries & Related Applications
- Capacity-building & Communication

Please consider your own focus, in relation to these four working areas, and [get in touch](#) with feedback or questions. We want to know how you're working with **book and claim** and how we can make this important tool stronger and more effective for all.

Sincerely,
The Secretariat

RELATED LINKS:

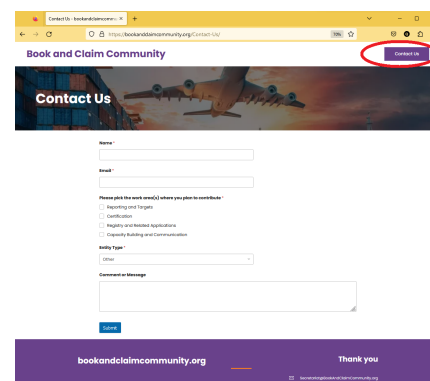

- *Press release*: On June 2, 2023, RMI and Smart Freight Centre (SFC) [announced](#) this Book and Claim Community as the Secretariat.
 - *Webinar*: On June 8, we hosted a launch webinar. With over 300 registered and 200 attendees, we convened book and claim stakeholders of all types. [Recording here](#).

Work Area Participation

GET INVOLVED – Please indicate your interest in a specific Work Area and a word or two about how you’d like to get involved

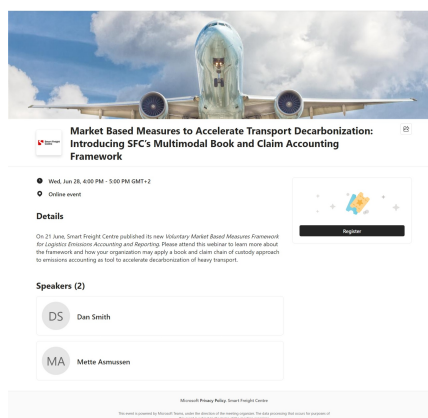

Please let us know—via this [contact form](#), by June 22nd—your interest in the work area participation. We’ll process the results and respond in early July to let you know next steps on timing and format for convening. We’re conscious you’re busy and realize that engagement takes time. Thank you!

- **Deadline:** June 22, 2023
- **Contact Form:** www.BookAndClaimCommunity.org/Contact-Us

The screenshot shows the 'Book and Claim Community' website. At the top, there's a navigation bar with a 'Contact Us' button highlighted by a red circle. Below the navigation bar is a large image of a cargo plane. Underneath the image is a 'Contact Us' form with fields for Name, Email, and a message. There are also checkboxes for 'Reporting and Targets', 'Verification', 'Registry and Related Applications', and 'Climate Tracking and Communication'. A 'Submit' button is at the bottom of the form. The footer of the page includes the website URL 'bookandclaimcommunity.org' and a 'Thank you' message.

Webinar invitation MBM Framework Launch

The screenshot shows a webinar page titled 'Market Based Measures to Accelerate Transport Decarbonization: Introducing SFC's Multimodal Book and Claim Accounting Framework'. It includes a video player showing a cargo plane. Below the video, there's a 'Details' section with the date and time: 'Wed, Jun 28, 4:00 PM - 5:00 PM GMT+2'. There's also a 'Speakers (2)' section listing Dan Smith and Mette Amussen. A 'Register' button is visible at the bottom right.

BOOK AND CLAIM ACCOUNTING FRAMEWORK: On June 28, SFC will host a [launch webinar](#) exploring the newly-released Voluntary Market Based Measures Framework for Logistics Emissions Accounting and Reporting

- **When:** June 28 @ 4pm CEST / 10am ET
- **Where:** [Online](#)

While we don't intend to promote Secretariat-related works, this accounting framework release is directly connected to the Community and will help answer many questions we received before, during, and after the webinar. This is the multi-modal follow-up to SFC and MIT's aviation-specific guidance (published summer 2021) and describes greenhouse gas emission accounting methods based on a book and claim chain of custody approach.

See you there.

Resources

Resources mentioned in the webinar:

- Climate Week 2022 report "[Workshop to develop book and claim as a tool to accelerate climate solutions for heavy transport and beyond](#)"
- [RSB Book and Claim Manual 3.0](#)
- [The Advanced and Indirect Mitigation Platform \(AIM\)](#)
- "[RMI Partners with Energy Web Foundation to Build Sustainable Aviation Fuel Certificate Registry, as Part of Ongoing Decarbonization Work with the Sustainable Aviation Buyers Alliance](#)"
- "[Maritime Book & Claim](#)" by Mærsk Mc-Kinney Møller Center for Zero Carbon Shipping

Other resources not mentioned but emerged recently from this Community:

- Road Freight activity (you asked for it), one convening [event](#) and two examples of current corporate activity, [here](#) and [here](#), among others
- CoSAFA's recent announcement of a new "[Methodology for SAF Environmental Attribute Transactions](#)"
- Global Maritime Forum's article focusing on "[A Book and Claim Chain of Custody System for the early transition to Zero-emission Fuels in Shipping](#)"
- [Clean Energy 101: Book and Claim](#)

Community Capacity Building

In this space, we will focus on topics raised by the Book and Claim Community—already so many questions asked—as well as new themes as they arise through regular conversations with stakeholders. If you have a topic you think should be covered, please let us know by responding to this email or sending us a note:

Secretariat@BookAndClaimCommunity.org

By Fall, there are multiple expected educational efforts from Community stakeholders—group online workshop series as well as e-Learning—that will serve to broaden the knowledge base of our Community. We'll highlight them as they're released!

Thanks!
